UPCOMING SEASON –Suggested and/or Proposed ROUNDS:

It has been suggested and offered to us that we could run an “AUSTRALIAN TITLE” at Roma International Speedway sometime this season. We have gaps in our calendar in December 2015 and in April and May 2016.

We have also been contacted by Gunnadah Speedway asking for “expressions of Interest” to run a round there as well.

We have contacted Toowoomba Speedway but as yet have had no reply from them.

PROPOSED SOCIAL EVENTS:

ANNUAL PRESENTATION NIGHT/AGM

We have planned to hold both the AGM and the Presentation Night as a “combined” event as we have a continuing issue with finding suitable venues. The AGM would be held first and lead on to the Presentations. Chris Holdt is looking after the organisation of the presentation night and we estimate having it in the second half of September as the weather is warmer then and allows a wider possibility of venues.

OTHER:

It has been proposed that we hold a “Camping weekend” in December this year at a venue still to be decided. It has also been proposed that we have a “Club BBQ” in May, also at a venue to be decided.

TRAINING DAY:

Speedway Australia, through the ASCF are holding a training day for Track/Club Officials. This will be held at Gympie RSL in early September. Mark Whalley will be attending to update his State Technical Examiner’s accreditations.

We will keep you informed of any other training days/events as they become available.

ADMINISTRATION:

Speedway Queensland:

As of the last AGM held by Speedway Queensland, the Qld Outlaw Sedan Club now has a club member sitting on the board as “drivers rep” This club member is “Merv Tennant”. Over the last few years our club has cemented a great working relationship with Speedway Queensland and we will continue to work on that relationship into the future. At this point in time our club is held in high regard by Speedway Queensland and we have their continued support as we try to grow our club into the future.

Speedway Australia:

We are in constant contact with Speedway Australia through their newsletter and email systems. Our “Administration” portal on their website is kept current and active throughout the seasons. As they release press releases and other types of notifications we endeavour to post these to our website on a dedicated page for that purpose.

Website:

Our website has begun the process of being updated for the new season with our page banners and date references being updated to the 2015-16 season. Our nominations are now online for all our “locked in” rounds and Drivers profiles are currently being worked on with Wayne Holden and Mark Brom’s being the latest to be updated. Our race calendar is on show on the “home” page and will shortly be available for download and printing.

Facebook Pages:

We have both a facebook page @ <https://www.facebook.com/QldOutlawSedans> This is the most active representation on facebook and is kept current. We have about 642 “likes” at present. We also have a “group” page @ <https://www.facebook.com/groups/qldoutlawsedans/> which currently has about 155 members. This group page is not regularly maintained.

Financials:

Our club relies heavily on club membership fees for funding and presently we are not very financial with a bank balance that is held pretty steady at around the \$500 mark. This is very limiting and restricts activities that we can fund for our club members. We are currently putting together “Club Sponsorship” packages which will revolve around active preferences on our website and appearances in other media where possible. These packages will be promoted by sending out emails to business throughout Qld in an effort to raise the “bank balance” We ask that whenever possible, for club members to collect business email addresses and forward them on to the club so that we might approach business for their assistance.
